

Caisa series

Designed by Böttcher & Kayser, Germany

Caisa has a feminine and refined look, with simple lines almost floating on the slender steel frame. Combine modules in your own unique composition with open-end, corner or chaise longue, or arrange individual modules as beautiful lounge chairs.

Meet the designer

We're a design studio based in Berlin exploring all aspects of furniture, lighting and interior design. For us, design is an inseparable part of our lives, it's an expression of our personality and a creative reflection of the society that surrounds us. We see opportunities in everything around us, and it's the everyday experiences that inspires us the most. Our goal is to create simple yet original designs that solve a complex problem in an innovative and functional way. It's essential that techniques, materials and aesthetics come together, and we believe great design should challenge the conventional and mundane.
